

ONUOHA IKENNA MICHAEL

Software Developer · Web & Mobile

Abuja, Nigeria · ndukamich@gmail.com · +234 8109352396 · github.com/mich-nduka · linkedin.com/in/ikenna-onuoha

PROFESSIONAL SUMMARY

Results-driven Software Developer with 3+ years of experience architecting and shipping scalable web and mobile applications. Proficient across the full stack with a backend lean — specialising in Node.js/TypeScript APIs, React/React Native frontends, and cloud-native deployment. Comfortable turning ambiguous product requirements into clean, maintainable systems and has a growing interest in AI/ML integration and systems engineering.

TECHNICAL SKILLS

Languages	TypeScript	JavaScript	Python	SQL	HTML/CSS			
Frontend	React	React Native	Angular	Expo	Next.js	TanStackStart/ Query	Tailwind CSS	shadcn/ui
Backend	Node.js	Express	Elysia / Bun	REST APIs	WebSockets			
Database	PostgreSQL	Supabase	MongoDB	Drizzle ORM	Firebase/Firestore			
DevOps / Cloud	Railway	Vercel	GitHub Actions					
Tools	Git	Figma	Postman/HTTPIe	VS Code / Zed	OpenCode			

WORK EXPERIENCE

Web/Mobile Developer

Feb 2026 - present

DistressNow International Ltd. · Hybrid

- Implemented features on the core mobile app and B2B services for the business marketplace.
- Collaborated with designers in Figma to implement pixel-perfect, responsive UIs across breakpoints.
- Provided ongoing maintenance, performance optimisation, and feature expansion.

Co-Founder (CTO)/ Software Developer/Instructor

2026 - present

NexaHub Technologies Ltd. · Hybrid

- Co-founded NexaHub Technologies as the Chief Technical Officer.
- Design, develop, document and oversee all web, mobile and applications project within the organization.
- Coordinates and teaches development courses with web technologies.
- Provided ongoing maintenance, performance optimisation, and feature expansion.

Full-Stack Developer/Instructor

May 2024 – Mar 2025

MetaForce Technologies · FCT-Abuja, Nigeria (Contract)

- Delivered both in-house and field-based instruction, committed to engaging students and fostering a high-quality learning environment.
- Developed and maintained full-stack applications, with major expertise in frontend technologies.
- Developed and delivered full-stack curriculum modules covering React, Node.js, and the MERN stack for 30+ students.

Web Developer/Instructor

(2023, 24, 25)

Gateway Technologies and Digital Enterprise · Remote/Onsite · Contract

- Collaborated and Delivered 2 client projects including e-commerce storefronts, Business Websites, and internal dashboards using React, Express, and MongoDB.
- Set up CI/CD pipelines with GitHub Actions, cutting deployment time from hours to minutes.
- Collaborated with designers in Figma to implement pixel-perfect, responsive UIs across breakpoints.
- Provided ongoing maintenance, performance optimisation, and feature expansion for clients.

PROJECTS

BINNAF-OSH Website and Course Platform (Inactive)

2025

Nextjs · Nodejs · Supabase · TypeScript

- Architected a full-stack website and course assessment platform with real-time feedback.
- Deployed frontend on Vercel with zero-downtime rolling updates.

Atokolo Empowerment Foundation

2026

React · Node.js · Supabase/PostgreSQL

- Collaborated and built an full website for the Atokolo Empowerment Foundation.
- Implemented the backend and storage with realtime uploads and feedback.

DistressNow Wep Application

2026

Next.js · Node.js · Firebase/Firestore

- Designed a dynamic category schema and service provider feature page that searches and find service providers using google maps api.

EDUCATION

B.Sc. Economics

2018 – 2022

University of Nigeria · Nsukka, Nigeria

CERTIFICATIONS & LEARNING

Diploma in Computer Engineering

Gateway Technologies · 2017

Computer Hardware Basics

Cisco Networking Academy · 2023

Python Essentials

Cisco Networking Academy · 2023

JavaScript Essentials

Cisco Networking Academy · 2023

ADDITIONAL

Languages: English (Native) Interests: anime, music production, tech education, software engineering
